Description

The PowerSeal is a sealed DC Contactor that gives you a high performing product at a very competitive price. The PowerSeal unit is available in 12V, 24V, 36V, and 48V coils.

Features:

- SPST DC Contactor
- · Patented Product Design
- IP66 and IP67 Rated
- Choice of 12V, 24V, 36V, and 48V coil operation
- Choice of various mounting bracket options

Applications:

- Hydraulic Power Pack
- Electric Vehicles (Golf Carts, Pallet, Jacks, Forklifts)

Specifications

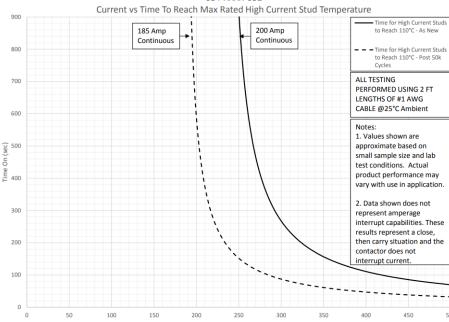

Mechanical Parameters

Coil Terminals	10-32 Studs
Contact Studs	5/16-24 Studs
Mounting Bracket	Various Options Available

Environmental Parameters

Operating Temperature Range	-40°C to 65°C
Sealing	IP66 and IP67

684-XXXX-032

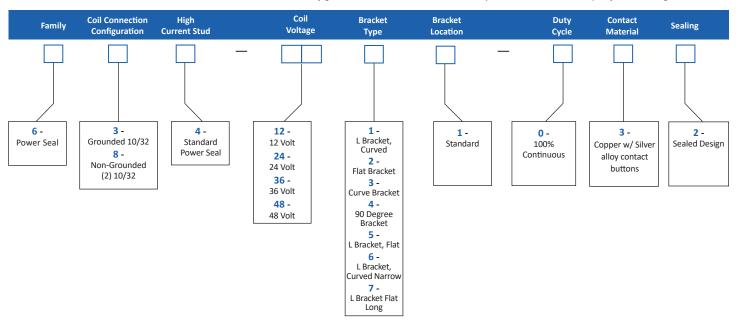

Full Silver PowerSeal Continuous Duty

Ordering Information

Enter Part Number Below- We are able to customize orders. Some configurations are not available. Contact your Trombetta Sales Rep before ordering.

Note: For additional best practices and application details contact SMP-Trombetta or reference our application guide
